N.H.A. BUYING GUIDE

Published by Nursing Home Administrator

A guide to purchasing equipment and supplies for nursing homes, convalescent homes, homes for the aged, and related facilities. Lists 11,000 sources for more than 1,200 classifications of products for medical and nursing service, housekeeping and maintenance, food service, laundry, furniture and furnishings and other aspects of modern nursing home operation.

1965-66

Small thing? Perhaps. But it does tell you something about dealing with Liquid. Namely, that here's a company big enough, thorough enough to supply all your gas needs. Down to the last detail. Look to Liquid for complete piping systems, high-purity gases and related dispensing and regulating equipment. And, of course, "No Smoking" signs. Ask your Liquid Medical Representative* for a supply. Note the helpful safety data on the back;

LIQUID CARBONIC DIVISION OF GENERAL DYNAMICS

Bept.NHA, 135 South LaSalle St., Chicage, Ill. 00003 In Canada: Liquid Carbonic Canadian Corp., Limited 8375 Mayrand Street, Montreal 9, Quebec

*He'll tell you why the sign is printed blue, not red.

How to Use the N.H.A. Buying Guide

This is the 1965-66 Edition of the nursing and convalescent home's "looking-up place." It will help you dozens of times during the year. Follow these "How to Use" suggestions to get maximum value from every page of this Guide:

- Put this Buying Guide where it will be readily available to you and your key personnel all year long.
- 2. To locate sources of supply, turn to the product classification of the item for which you are looking. For example, if you are in the market for servers, turn to the classifications SERVERS: BEVERAGE or SERVERS: FOOD. There you will find a list of firms interested in working with you. Full addresses of these firms are listed in the Company Directory starting on page 3.
- 3. For more detailed information about the leading sources of supply for nursing homes, turn to the Advertisers' Index on page 162 and then consult the advertisements on the advertising pages indicated and in the Catalog Section following the Company Directory. These firms are also shown in boxes or in bold face type in the Classified Directory. Suppliers with boxed listings have catalogs in the Catalog Section following the Company Directory. Suppliers listed in bold face type have advertisements in the Classified Directory or Company Directory section. These firms are particularly interested in quoting you on your requirements. To get more information about their products, use the Reader Information cards provided in the back of the Guide.

Washer-Extractor

Yes, if you have a small volume laundry operation, American has designed a compact Washer-Extractor especially for you. It's a ruggedly constructed machine. One whose top-quality performance features have already been proven through years of

use on American's larger CASCADEXESmachines that are unequalled in the laundry field.

Features such as a variable speed drive for smooth, easy speed changes and an automatic vibration control so that there is never any worry about out-of-balance loads. This CASCADEX has a short washing and extracting cycle, including starch time, and requires little space-only 46" wide, 39" deep and 58" high.

If you want a machine whose quality equals that of the large commercial models, but costs so much less, find out more about American's 25-lb. capacity CASCADEX Washer-Extractor. Call your nearby American representative or write for complete information.

SAVE UP TO 21% ON FOOD COSTS!

Both the Swartzbaugh Unitray and the Swartzbaugh Tray-Mate systems are designed to improve patient relations through better food control, yet at the same time lower costs of raw food and reduce the personnel needed to assemble and to serve meals. For information on how you can save as high as 21%, send the coupon below.

Unitray one-tray food service system

Features hot and cold food on the same tray, from kitchen to patient. Every component is designed specifically to make Unitray the most economical system on the market. Trays are quickly assembled from tray starters pre-stocked with trays, dishes and silverware. Tray-conveyors move the trays smoothly to hot and cold food loaders and then to heated-refrigerated Unitray carts that keep one side of the tray hot, the other, cold - at exactly the right temperatures. Carts are rolled to the floor where trays are served quickly with no delay, no confusion. That's why food tastes better, and your patients never get the wrong diet!

The Tray-Mate system also utilizes central assembly and dietary supervision in the kitchen. It offers tremendous savings over bulk methods of transporting hot and cold foods to serving areas. The Tray-Mate cart has a heated tray-compartment and a refrigerated tray-compartment. Each small hot-food tray is designed to nest in a full size cold-food tray. All trays are positioned in the cart in order of service to the patient, thus eliminating need for dietary help on

Mounted on world's finest (A) CASTERS

115 15 a taste hud o

Important to every food service operation today.

Because, as more and more people eat out more frequently, their tastes become more educated.

That's why positive control in preserving food "tastes" becomes more important, every day, to your profit column. And that's the job Thurmaduke is designed to do.

The increasing prominence of Nursing Homes, Clinics and Smaller Hospitals in broadening areas of patient care, has permitted the development by Amsco of advanced equipment geared to the personnel and patient load requirements of these specialized facilities.

This Brochure briefly highlights the more significant items of this equipment. We believe you will find it both interesting and helpful in meeting the dilemma of rising costs on the one hand and higher standards of patient care on the other.

The convenient reply card on page 4... or a call to your nearest Amsco Branch Office... will bring you detailed information and dependably sound counsel based upon Amsco's 70-year tradition of advances in patient care.

Old Single Room Becomes Modern 2-bed Room

Bedside Table-Wardrobe-Dresser Creates Space for added beds

This compact and highly functional patient room unit solves many problems when room space does not permit built-in units. In an efficient 24" x 30" of floor space (36" x 48" for drawer and door clearances) this convenience unit incorporates a wardrobe for storage of clothing and luggage, two drawers for personal items, cabinet space for blanket and utensils, a bedside table with light and convenience outlet.

The six-inch legs permit easy cleaning without moving the unit. The laminated plastic top and colorful enamel exterior wipe clean in seconds.

This advanced unit is especially helpful in converting old style single rooms into modern and functional 2-bed rooms . . . without costly structural changes. Circle reply card No. 1.

Purchasing Guide

NURSING HOMES

SMALL HOSPITALS

AND CLINICS

NURSING HOME MEDICINE STATION

This compact 36" unit has been especially designed to facilitate and control the dispensing of patient medications under typical Nursing Home conditions. The unit is adaptable to dispensing from individual patient trays or from bulk supplies. The double narcotic compartment contains one section for hypnotics and another for narcotics... with an optional lock-actuated warning light. The unit may be recessed or free standing and is available in a choice of Silverlustre or Reed Yellow finish, with stainless steel sink top.

Circle reply card No. 2.

World's largest designer and manufacturer of Sterilizers, Operating Tables, Lights and related equipment for Haspitals, Nursing Homes and Clinics

ERIE, PENNSYLVANIA, U.S.A.

AMSCO CLEANING AND SANITIZING EQUIPMENT

Recognized the world over as the easy, economical way to rinse bedpans and urinals. The Diverter Valve is installed between the flush valve and toilet bowl. Designed for use with institutional type water closets . . . between 1- 2- and 4-bed rooms. The unit diverts one-third of normal water flow to the valve . . . balance flushes bowl simultaneously. Swings up when not is use. Available with deoseptic jar. Circle Reply Card No. 3

Aeroflush Bedpan Washer

This unit is a major convenience for nursing personnel. Foot pedal opens door and holding clamps for standard bedpan or urinal. Pedal controlled Sloan flush valve releases air-entrained cold water over interior surface of the bedpan. A second flushing with hot water for simple sanitizing may be provided through a self-closing lever valve. Available for pedestal or wall mounting. For Sanitizing, unit can be connected to steam line or power pack steam generator.

Circle Reply Card No. 4

Boiling Type Bedpan Sanitizer

This electrically heated 16" x 16" x 24" chambered unit effectively sanitizes bedpans and urinals which have been cleaned with the Diverter Valve or Aeroflush Washer. Features a stainless steel chamber and removable pan rack for easy cleaning. Lid is raised by foot pedal action . . . closes quietly by check valve. Electric heat is thermostatically controlled with automatic low water cutoff. Circle Reply Card No. 5

Utensil Washer-Sanitizer

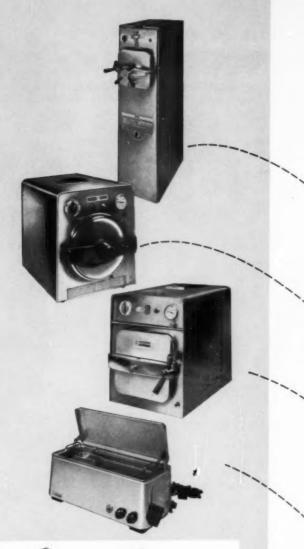

This fully automatic Utensil Washer-Sanitizer effectively washes and sanitizes three full sets of patient utensils in two loads. Complete washing and sanitizing in just 221/2 minutes, including 81/4-minute 202° F. sanitizing cycle. Available with steam or electric heat, this efficient device greatly improves and simplifies the processing of utensils . . . eliminating all hand cleaning. Saves personnel time, assures uniform cleaning and helps prevent cross-contamination. 6' or 8' undercounter models are also available.

Circle Reply Card No. 6

Power Pack Steam Generator

The efficiency and economy of steam heated sterilizers, water stills, warming cabinets, washer-sanitizers and similar equipment, may now be enjoyed even by Nursing Homes and Hospitals which do not have or plan a central boiler system. The Amsco Electric Steam Generator can power a number of such steam-using devices, automatically, economically and with minimum space and piping. Nine models cover steam capacity ranges from 26 to 345 pounds per hour.

Circle Reply Card No. 7

DYNAPOISE "6400" EXAMINING TABLE

1

The Dynapoise Table is recognized as the most versatile physician's table ever. Its gentle, effortless posturing throughout the full range provides the ultimate in patient comfort and energy-saving efficiency for the physician. Foot pedal actuated power controls for 27" to 45" height range and 45° Trendelenburg or 15° reverse Trendelenburg. This unique table is indicated for every procedure encountered by the physician . . from routine examination to pediatric, varicose vein, EENT, proctology, OB-GYN and unology procedures. Quickly, smoothly maneuvers from comfortable level position to chair, contoured chair, lateral and indicated positions for internal procedures. Circle Reply Card No. 12

AMSCO SMALL CAPACITY STERILIZERS

"ARISTOCRAT" 1022 Pressure Steam Sterilizer

This advanced sterilizer features convenient, dependable and timesaving sterilization. The modern square 10" x 10" x 22" chamber assures greater load capacity while the Cyclomatic Timer provides fully automatic, errorproof control of the sterilizing cycle, thus freeing attendant for other useful work. Since no plumbing connections are required, the Model 1022 "Aristocrat" can be installed or moved anywhere. Stainless steel and monel construction with handsome silverlustre enameled steel cabinet. Circle Reply Card No. 8

"DYNACLAVE" 613-R Pressure Steam Sterilizer

This low-cost, high performing sterilizer assures positive sterilization with pressure steam at 250° F. or 270° F. It reaches 270° F. in only 7 minutes. Operation is automatic with selective cycles from 3 to 60 minutes. Cools and dries instruments and supplies by exhausting steam and water back into reservoir — NOT into room. 6" diameter x 13" chamber holds three trays (two furnished). Safety lock door, adjustable thermostat and temperature gauge, automatically burn-out proof, stainless steel construction.

Circle Reply Card No. 9

"ALL-PURPOSE" 8816M Pressure Steam Sterilizer

Highly efficient in function and handsome in appearance, the 8816M overshadows all other office-size autoclaves in efficiency and economy. The compact and easy to operate 8816M has a modern chamber 8" square by 16" deep which accepts three trays 1¾" deep (two furnished). A reliable 60-minute timer automatically turns off the unit when cycle is complete. Special heating elements provide an efficient and automatically timed quick-drying cycle. Sterilizes instruments, dressings, rubber gloves and solutions. Automatic control of temperature and water supply. Burn-out proof. Circle Reply Card No. 10

PORTABLE A-416-S Non-Pressure Sanitizer

The portable A-416-S instrument sanitizer is both modern and functional in design. Stainless steel construction throughout with insulated tank 4" deep x 6" wide x 16" long. Instrument tray and needle tray raised automatically as the operating handle lifts lid.

Patient Room Wardrobes and General Casework

The handsome, space-saving wardrobe unit illustrated is typical of the quality casework produced by Amsco for patient areas. Standard models are available in a wide range of wardrobe, dresser and lavatory combinations for single, two-bed or multi-bed rooms. Also available is a complete selection of counters, sinks, cabinets, tables and bins for general technical areas, plus such specially designed units as Nurses' Stations, Supplementary Feeding Stations, Narcotics lockers and Instrument Cabinets. All are work-flow designed for efficiency, with construction of the highest Nursing Home quality.

Circle Reply Card No. 13

48" and 60" Medicine Stations

Hospitals and intensive care Nursing Homes will find increased efficiency and control when storing and dispensing patient medications with this advanced Amsco unit. Shelves are adjustable to accommodate bulk supplies, individual patient trays or a combination of both.

This stainless steel unit features narcotics locker with warning light, refrigerator, soap, paper towel and medication cup dispensers, sink with swing spout mixing faucet, self-closing waste receiver . . . plus ample drawer and cabinet space. Available in 48" or 60" widths, for recessed or open mounting installations.

the all-new Crimsco ST-100 single tray has and cold food cart

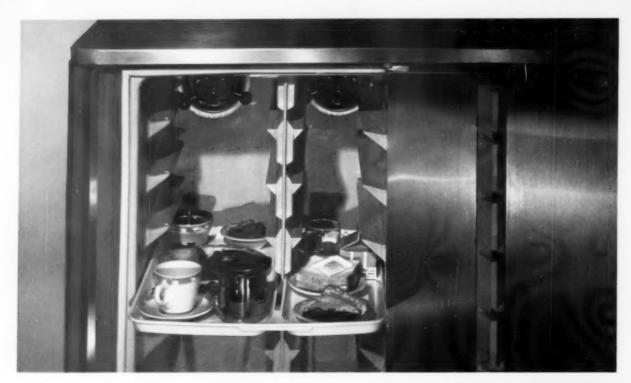

The only food cart with unique slotted tray and solid wall divider to separate hot and cold foods on the same tray

Made by the manufacturers of the famous Meals-on-Wheels System and MobilLine Assembly Equipment.

Unique slotted tray and solid wall divider completely isolate hot and cold foods

Hot foods stay **hotter**, and cold foods stay **colder** on a single tray. No temperature transfer. All hot and cold foods are assembled on the same tray. Carts are loaded quickly and easily, checked, and delivered to the patient. No adding or reassembling required. Adequate clearance for all tray items including beverage pots.

The ST-100 solid wall divider has no gaskets! A durable heat and cold resistant thermaplastic liner throughout provides for maximum sanitation and easy cleaning.

Crimsco ST-100 single tray hot and cold food carts available in a choice of stainless steel, Desert Gold or Sea Blue.

Let your Crimsco representative furnish you with complete details on the new ST-100 and help you with your food service planning. Fill in and mail the coupon today.

No, this isn't the wrong picture—we want to talk about Kohler color

No one would expect to find a Scandinavian beauty, Danish furnishings and accessories in a patient's room. But how about color? These days it's on the walls, in the furnishings and accessories—a big and beneficial change from white—color is cheerful. Kohler plumbing fixtures in color share a great deal with the traditional white—all are made with the

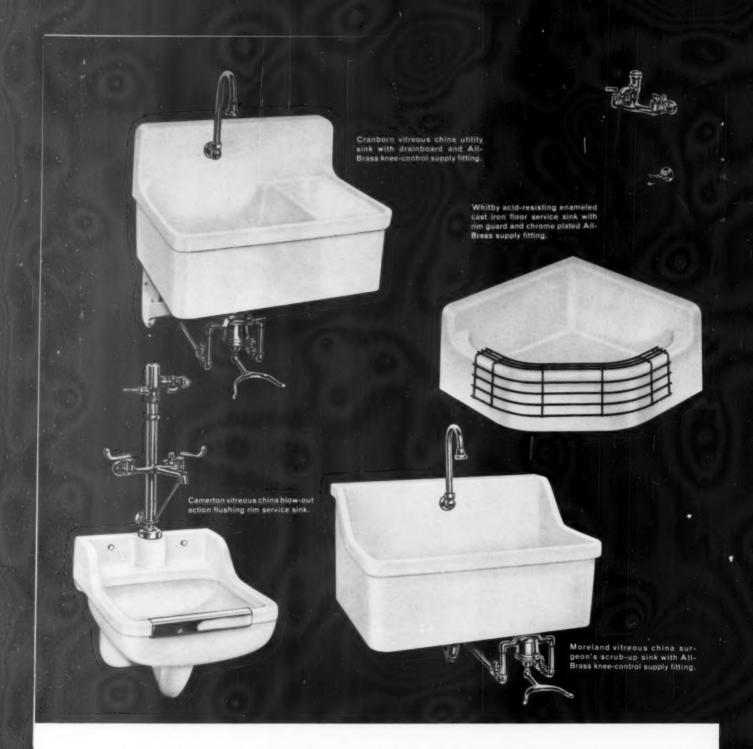

care and precision that are a Kohler hallmark—all are designed to be kept clean with a minimum of effort, with no hard to get at corners, with glass-smooth surfaces—all are built to last and last.

Our one point is—when planning new or remodeled patients' rooms shouldn't you plan on Kohler color.

KOHLER OF KOHLER

Kohler Co., Established 1873, Kohler, Wisconsin

ENAMELED IRON AND VITREOUS CHINA PLUMBING FIXTURES . ALL-BRASS FITTINGS . ELECTRIC PLANTS . AIR-COOLED ENGINES . PRECISION CONTROLS

Keeping things hospital clean is easier with fixtures from Kohler

These new Kohler hospital fixtures are designed with a proper respect for cleanliness. From surgeons' lavatory to service sink, all are made of the finest vitreous china or enameled cast iron, all have smooth, glass-hard surfaces. Fittings are all-brass, heavily chrome-plated for long trouble free service. And you will find no hard-to-get at corners, no built in dirt traps. Write Kohler Co., Kohler, Wisconsin for a hospital catalog for complete information on "Designed for Cleanliness" Kohler fixtures and fittings."

Only \$249*

THE NEW ADAPTO is all electric, moves effortlessly through all the basic positions and everything in between, and costs only \$50 more than a crank-type bed.

It's not done with mirrors. We did it simply by starting with the basic requirements of a hospital bed, and designing from the casters up. It's a brand new design, not a rehash—that's why you get a handsome, sturdy bed plus all-electric operation for only \$249.

The new Adapto can be operated by nurse or patient. There's a wide range of removable head- and foot-boards to choose from, in wood or durable Fiber-X. For the whole story, contact your Royalmetal dealer—or turn the page.

*Delivered in carloads to Zone A states. Slightly higher in other zones.

7 good reasons to standardize on Royalmetal's new Adapto bed

FULLY AUTOMATIC OPERATION through all basic positions: high, low, automatic gatch, automatic Trendelenberg & Fowler positions. Gatching action from high bed position. Shock position action from low bed position. Automatic cutoff for high and low excursions of bed. Motor and switching safely outside oxygen therapy area.

WIDE RANGE OF STYLES AND FINISHES for head- and foot-boards, in solid wood or easy to clean Fiber-X. Shown on the bed are standard ends. Typical alternate options, below left to right: Coronet, Regency, #700, #600.

7

TAKES STANDARD-SIZE MATTRESS 35x80". 5

THREE SPRING
FABRIC CHOICES:
Twisted link spring, National
Fabric or flat pan spring.

All this for only \$249. Prove it for yourself. We'll demonstrate the Adapto right in your own hospital-let you test

it, free, without obligation. It's a unique offer, because the Adapto is a unique bed. Call your Royalmetal dealer now.

ROYALMETAL

CORPORATION

One Park Avenue, New York, N. Y. 10016

Can all nursing home rooms be this inviting?

We think so. All you really need is a little decorating skill and Simmons furniture to transform dreary rooms into warm, comfortable places that make life happier for convalescents and nurses alike.

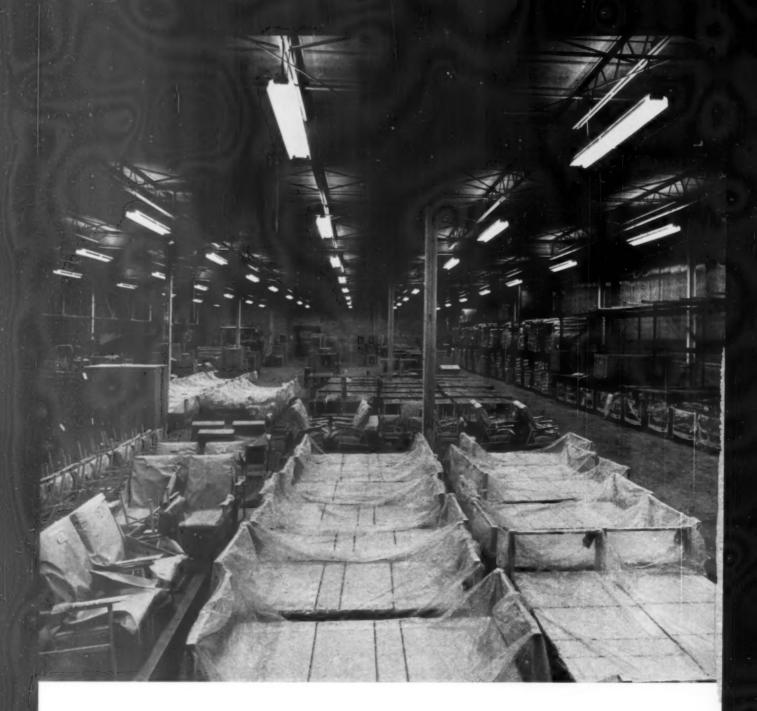

Furniture tops are made of high-pressure laminates that are easy to clean and resistant to practically everything, including hard knocks. Beds may be ordered with standard twin mattress* and box springs, flat springs, two-crank hospital springs or Dual-Hite motorized springs. You can also get built-in brackets for sliding safety sides on hospital-type beds.

Ask your Simmons agent or write direct for our new nursing home catalog #54, "Simmons furniture for extended patient care."

*Beautyrest® for nursing homes Patient-Proof® Hospital-Bilt®

Simmons stockpile system

(We store it so it's ready when you are.)

Last year, we delivered 30,000 pieces of hospital furniture immediately upon receipt of order. Beds, chairs, tables, cabinets, mattresses and accessories.

Sounds impossible, doesn't it? It is, if you wait for orders before you start the production wheels turning.

We don't.

We build sizeable inventories of our most popular equipment, store it in warehouses in Georgia, Ohio, Texas, Colorado, Michigan, New Jersey, Kansas, California, Pennsylvania, Oregon, Illinois, Missouri, Indiana and Minnesota. Then we wait for you to tell us you wanted it yesterday. That

we can't help. But we can ship it tomorrow.

And that's a promise.

CLASSIFIED DIRECTORY OF NURSING HOME SUPPLIERS

Products are listed in this section under the names most commonly used, with cross references to other headings under which the product also might be listed.

These headings and listings have been compiled from information furnished by manufacturers, distributors and service organizations. The publishers of N. H. A. Buying Guide do not assume responsibility for errors or omissions.

For names and addresses of suppliers listed, see the alphabetical Company Directory starting on page 3.

Firms having catalogs filed in the Catalog Section or advertisements in the Classified Directory appear alphabetically at the beginning of each listing section. Refer to the Advertisers' Index on page 162 for page numbers of advertisements.

Postage paid cards are provided in the back of this Guide for your use in requesting additional information about products and services described in the catalogs and advertisements.

Standardized STOCK FORMS

Physicians' Record Company specializes in printing all types of Nursing Home Record Forms, in addition to having the most complete line of preprinted, packaged Standardized Forms in stock for immediate shipment. Over half a century of experience in medical printing assures you of getting the service you need with authoritative and practical record forms.

MEDICAL RECORDS IN NURSING HOMES

by Edna K. Huffman, R.R.L.

1st EDITION, 1961 . 11 CHAPTERS

An internationally known authority on the use of medical records has written the only text that deals exclusively with medical records for Nursing and Convalescent Homes.

60 FORMS ILLUSTRATED . 224 PAGES - \$5.00

COMPLETE CATALOG

A 96-page illustrated catalog which covers Admission, Bedside, Consent, Dietary, Graphic Chart, Laboratory, Narcotic, Physical Therapy, and other Medical Record Forms — Accounting Records — Filing Equipment — Stationery and Office Supplies.

If you don't have a copy, request Catalog 1624.

CUSTOM PRINTING

To Your Specifications

If our Standardized Forms do not meet your requirements, our Special Forms Department will assist you in preparing forms to your specifications. Single sheets, cards, interleaved carbon sets, cash receipts, statement forms, checks, letterheads, business cards, and envelopes can be printed on request. Prices will be submitted prior to processing your order.

MARK CLARK.

Vorldis foremost leader in...

MO) (MO) (MO)

Patient

The name Mark-Clark is your guarantee of M the finest products available in Patient Protective and Comfort Items. A complete line of mattress covers, pillow covers, draw sheets and yard goods is carefully manufactured from many types of virgin vinyl and vinylbacked fabrics. Available in reuseable or onetime-use styles.

For information on the most complete line of Patient Protective and Comfort Items, or for any other fine Mark-Clark products, see your Hospital Supply Dealer or write:

MARK-CLARK, inc.

Dept. NBG 5 . 102 E. Walnut St. Milwaukee, Wisconsin 53212

Whether your state has laws requiring detection systems or not, you as a nursing home owner or operator should have the facts about the value of automatic fire detection and alarm systems.

In the State of Nehraska where such laws were enacted in 1951 there has not been a single loss of life or total building loss to fire in any nursing home during the past 13 years.

NOTIFIER is proud to have provided over 90 percent of all detection and alarm systems for nursing homes in Nebraska.

For information on NOTIFIER detection systems write for Bulletin SM-800-64.

NOTIFIER CORPORATION 3700 North 56th Lincoln, Nebr.

INCONTINENCE GARMENT

It provides superior protection and safety with unmatched comfort through these exclusive features:

TWO PIECE DESIGN Liners and holder are belt suspended affording, for the first time, a cool, comfortable, well ventilated

VELCRO® ADJUSTED BELT For fast and easy change, exact adjustment, and per-

MOISTURE GUARD FLAPS Assure absolute protection, prevents leakage, and confines soil and odors to flannel liners within vinyl holder.

TRIM APPEARANCE Contoured holder and pads provide protection and comfort without bulk-TRIM-GARD is not detectable under clothing.

The only incontinence garment to offer a liner for every purpose: **BACK STOP LINER**

Exclusive design of moisture barrier keeps wearer always dry.

DISPOSABLE LINERS

Super absorbent cellulose filler with high wet strength facial tissue

FLANNEL LINERS

Triple layer, edge-bound, for maximum absorption.

CUTOUT LINERS

Special design for bowel incontinents.

HARCO Hospital Planned

TO SOLVE HOSPITAL

SELF-CLOSING ROPELESS BAGS

BEST FOR HOSPITALS IN EVERY WAY

- · Positive closure prevents accidental spilling and cross infection.
- · A basic way to fight staph.
- · No ropes to tie or untie.
- · No grommets to tear or replace.
- @ Cost less
- · Handle easier.
- · Save time and maintenance.
- · Safe for mental words.
- · Eliminate handling losses.
- · Eliminate double bagging.

All bags made to fit your hamper stands or Harco Folding Hamper Stand shown

HARCO SECURITY VESTS

MADE FOR STRAIGHT CHAIR, WHEELCHAIR, OR BED

- Easy to put on the aged, feeble, or children.
- · Lighter, cooler, and more comfortable than ordinary restraints and supports. They are wider and do not cut patients.
- · Patient is well supported and cannot fall out.
- Harco RopeHold locking attachment permits release in a few seconds by attendant.
- · Patient cannot release himself.
- · Nylon vests easily washable. Three sizes: medium, large, and children's.
- · Sizes are color coded for easy identification.

HARCO CHAIR SUPPORTS ALSO AVAILABLE

HARCO SLATTED BEDBOARDS

BRING NEW PATIENT COMFORT AND SUPPORT

- · Provide orthopedic support in adjustable beds.
- · Easy to store in small sonce.
- · Easy to carry and install.
- Non-absorbent vinylconted ticking, easy to clean and disinfect.

This handy board conforms to the angle of the spring and mattress and gives firm support in any position . . can't slip because it is held to the spring by hooks . . . rolls into a bundle 12" x 35" for convenient storage.

HOSPITAL BIBS HARCO

ELIMINATE TAPES AND TIES

- · Practical, efficient new type bib.
- · Velcro neck closure eliminates tapes and ties, provides for comfortable adjustment
- · Available with reinforced "catch-all" pocket at bottom. Pocket is closed with Velcromay be opened to clean.
- · Made from 91/2 oz. terry cloth in white, blue or yellow.
- · Easier for nurses, attendants, and patients to handle.

These Favorite NURSING HOME Products

Give You Best Results and Tremendous Savings of Money, Time and Effort!

ALCONOX

the World's Finest Hospital and Laboratory Detergent, is more effective than any powder or liquid detergent costing four times as much! Greater wetting, sequestering and emulsifying power mean cleaner syringes, needles and instruments.

NURSING HOME

Alconox quickly cleans porcelain or stainless steel bedpans, emesis basins, rubber or plastic sheeting and tubing, plastic or enamel covered furniture, painted surfaces.

ALCOJET

with controlled foaming power, is ideal for use in all glassware washing machines with jets, sprays, impellers or pumps.

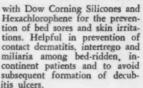

IN THE NURSING HOME

Alcojet assures cleanest dishes and glasses, prevents water-spotting from final rinse. Cleaner dishes reduce the incidence of cross infection. You Get Complete Satisfaction Greater Savings with

SPRAY PRODUCTS

the new LONG and LOW

LONG: 66" Tank—a must for adult horizontal leg treatment.

LOW: 18" Depth — definitely necessary for easy placement of injured and elderly into tank. No high chair needed.

AVAILABLE IN TWO MODELS

MOBILE: Two-motor unit... powerful Ille turbine ejector... separate drainage pump with center tank drain.

STATIONARY: Standard Ille turbine ejector...over-the-rim sanitary water inlet... combination drain valve and overflow.

Pioneers in Hydrotherapy

NURSING HOME RECORD FORMS

inexpensive, easy-to-use

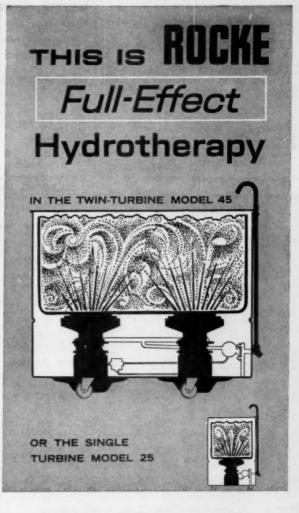

Tested and approved by nursing and convalescent homes in every state! Your order shipped the same day we receive it! All forms designed to save time! Sold only at factory-to-you prices! More than 100 forms in our complete catalog!

send for FREE CATALOG

P. O. Box 1086, Des Moines, Iowa 50311

Instead of a single nozzle, Rocke baths use 10 jets (20 in the Model 45) to completely surround the submerged member with uniform aeration and flow. Hydrotherapeutic action is upward, providing massage parallel with the limb's circulation rather than at right angles to it. Massage direction is toward the heart to conform with preferred massage technique.

Reliability is legendary — it is commonplace for Rocke units to operate for years with zero downtime, even in heavy-duty daily use. Built to uncompromising professional standards in polished stainless steel. For the complete story of Rocke 'Full-Effect' Hydrotherapy and name of your nearest dealer, write today to:

J. T. POSEY COMPANY

Manufacturers and Distributors of Hospital Equipment

POSEY BELT NO. 66 (Patent Pending)

This new Posey Belt provides safety to a bed patient yet permits him to turn from side to side. Also allows sitting up, if belt is slackened. Made of strong, reinforced white cotton webbing; with flannel-lined canvas reinforced insert. Strap passes under bed after a turn around spring rail to anchor. Friction-type buckles. Buckle is under side of bed out of patient's sight and reach. Also available in Key-Lock model which attaches to each side of bed. Small, medium and large sizes. Posey Belt, Cat. No. 66, \$13.65.

POSEY FOOTBOARD
Patented

Fits ALL Hospital Beds. Can be used with side rails. Perpendicular Adjustment. No losing parts, Posey Anti-Rotation Supports, (Adjustable, removable, cushioned). May be used with traction. Posey Footboard, No. F-58, \$33.00. Anti-Rotation Supports, No. F-58A, \$6.00 each.

POSEY SAFETY VEST

Designed to hold a patient comfortably, securely in a regular chair or wheel chair. A simple friction buckle (out of patient's reach) prevents patient from getting or falling out of chair. Available in small, medium and large sizes in cotton or nylon. Posey Safety Vest (Nylon) Cat. No. 4153N, \$6.90 each. Posey Safety Vest (Cotton) Cat. No. 4153C, \$6.90 each.

POSEY DISPOSABLE WRIST OR ANKLE RESTRAINT

Consists of a strong 1" web strap lined with soft white felt to go around the wrist or ankle. Another strap attaches to the side rail of the spring. Posey Disposable Wrist or Ankle Restraint, Cat. No. 4155, \$7.50 dozen.

Serves to keep patient in bed without physical attachment to body of patient. May be used on adult bed as well as crib. May be laundered. Adult Bed, Cat. No. AN-60A, \$13.50; Child Crib, Cat. No. CN-60, \$12.75.

POSEY RESTRAINER NO. P-44

This Posey Restrainer offers a mild means of restraining bed patients. Permits comfort and some freedom of movement. Constructed of pre-shrunk canton flannel. Easily laundered. Small, medium, large- and extra-large sizes. Posey Restrainer, Cat. No. P-44, \$7.95.

POSEY HEEL PROTECTOR

The Posey Heel Protector serves to protect the heel of the foot and prevents irritation from rubbing. Permits patient to move his feet in bed with comfort and freedom. Constructed of slick, pliable plastic, lined with Polyether foam to prevent pressure points. Designed with self-sizing open heel for comfort and air circulation. Fitted with heavy, self-sizing liner which may be removed and laundered. Posey Heel Protector, Cat. No. HP-63, \$3.75 ea. Cotton Liner for Above, Cat. No. HI-63, \$.45 ea., \$4.80 doz.

Dept. NHA-64

J. T. POSEY COMPANY • 39 S. SANTA ANITA AVE., PASADENA, CALIF. 91107

J. T. POSEY COMPANY

Manufacturers and Distributors of Hospital Equipment

Since 1937 we have manufactured and distributed quality hospital equipment designed to aid modern institutions. Every Posey product is guaranteed 100% satisfactory, or it may be returned for refund. We also manufacture the Posey Fracture Equipment and a number of other products which are used and favorably known throughout the hospital world.

POSEY PATIENT SUPPORT

Patented

The Posey Patient Support was designed to fill a long-felt need. It is used on wheelchairs or conventional chairs. It is possible to get a bed-patient up into a chair with safety and with no fear of danger. Generously designed to accommodate practically all size patients and all types of chairs. Available in small, medium and large in standard model, Cat. No. PP-753, \$6.75 each or adjustable shoulder strap model, Cat. No. PP-154, \$7.50 each.

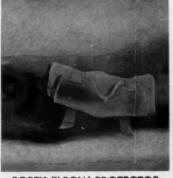

McDONALD RESTRAINT

Designed to prevent patients from getting or falling out of bed. Small, Medium, Large. Cat. No. P-4147, \$6.15 each. Available extra heavy riveted construction with key-lock buckles. Cat. No. P-353, \$19.80 ea.

POSEY VEST RESTRAINT

A safe, simple means for keeping patient in bed with freedom to sit or stand up if desired. Shoulder straps to head of bed hold securely when required. Cat. No. P-555, \$7.35 each in infant, small, med., and large. Also adult sizes: Cat. No. P-555A, \$14.85 each.

POSEY ELBOW PROTECTOR

(Patent Pending)

The Posey Elbow Protector serves to protect the patient's elbows and prevents irritation from rubbing. The heavy cotton liner may be removed for laundering. Posey Elbow Protector, Cat. No. EP-163, \$3.75 ea. Cotton Liner for Above, Cat. No. EI-63, \$.45 ea., \$4.80 doz.

POSEY WAIST RESTRAINT

Offers a comfortable and inexpensive means of keeping patient in wheel chair or bed. Made of heavy washable flannel reinforced with canvas. Cat. No. CWR-1, \$4.50 each. Nylon, Cat. No. NWR-1, \$5.55 each.

VERSATILITY ... BEAUTY ... QUALITY

A. C. DAVENPORT & SON CO. 308 E. HELLEN RD. PALATINE ILLINOIS

Economy Walker is sturdy tubular steel. Will support 400 lbs., yet weighs only about 4 lbs. Has rubber grips and foot tips. Two sizes.

Hip Protector made of soft plastic foam. Can be taped in place, affords excellent protection against irritation for bed ridden patients, Four sizes.

Patient Helper can be easily clamped to almost any bed. Provides sturdy aid to patients as they get in and out of bed. Swings out of way when not in

Rib Belts with convenient, easy to apply Velcro fastening are available in all sizes, both men's and ladies' styles. Long lasting construction, and completely washable.

Abdominal Binder, also used for low back support, and as post-operative belt. Top quality elastic with wide, easy fastening Velcro panels. Full range of sizes in 10", 12" and 14" widths.

Lumbosacral Support has strong nylon pockets in back to hold removable steel supports. Side lacings provide for complete adjustment. Elastic insert at top, sides and bottom assure comfort.

Overhead Frames, with exclusive DePuy no-slip octagonal aluminum alloy tubing, are made for all types of traction. "Starter set" shown has basic frame with patient helper.

Heel/Elbow Protector is shaped from soft plastic foam. Held in place with tape, protects heel or elbow from constant rubing against bedsheets. Non-toxic, washable, reusable, can be autoclaved.

Nursing homes depend on DePuy!

Here's why: DePuy is the pioneer and leader in orthopedic equipment... the most experienced firm in the industry. DePuy offers the complete line...everything you need from a single reliable source.

The man from DePuy is at your service, wherever you are, ready to give you prompt, problem solving assistance. Ask for your personal copy of our complete catalog. Write: DePuy Manufacturing Co., inc., Warsaw, Indiana 46580.

Depend on RCA to be there...

... when a nurse is called to a bedside!

... when a patient relaxes with TV!

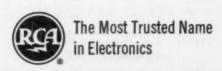

Plan for hospital communications and patient entertainment with RCA...leader of the electronics industry. You choose from RCA's full line of equipment designed solely for hospitals and nursing homes. RCA creates and installs an integrated system, with skilled RCA Service Company technicians available in most areas to maintain it through the years.

RCA Victor "Mural TV" sets are de-

signed specially for hospitals. A planned Master-Tenna® antenna system pulls in pictures and sound clear and rich. An RCA Audio Entertainment Control System delivers the full beauty of FM radio and recorded music wherever desired in rooms, public areas and offices.

Communications are maintained at electronic speeds via RCA's Nurse Call System, Doctor's Paging and Doctor's In/Out Register. Closed Circuit TV blends into the system for instructional and other use.

You can count with confidence on RCA's complete responsibility for communications and entertainment. Available through RCA's lease plan, or outright purchase, with convenient payment arrangements. Mail coupon for complete information.

	PANY, Commercial Product Sales 03-3, Camden, N.J. 08101

Market Forge

The mark of excellence in equipment for nursing homes

STERILMATIC " STERILIZER

Compact, fully automatic low cost Sterilizer. For utensils, bedside equipment, glassware, liquids and all Nursing Home needs. Electric or direct steam. Selfsealing door. Nationwide service organi-

MEDI-PREP® MEDICINE STATIONS

Compact, self-contained Work Stations of stainless steel with all components scientifically selected and arranged for storing, preparing and dispensing medications. Pre-fabricated for built-in or free-standing installation. 3 models each in 3 sizes.

SANI-PREP JANITOR'S STATION

A pre-fabricated, stainless steel Work Station for the storing of janitor's sup-plies and equipment. Reduces space needs and custodial make-ready time. Equipped with low-level sink and hose for filling buckets.

NOURISHMENT AND ICE STATION

A convenient, pre-fabricated Work Station of stainless steel combining in one scientifically designed unit complete facilities for making, storing and dispensing fresh, clean ice and serving of liquids and nourishment. Contains sink, hot plates, refrigerator and storage.

STEAM-IT AND JET STEAM-IT

High speed for cooking food frequently in smaller volume, eliminating waste and leftovers. Ideal for small kitchens and perfect auxiliary speed cooker for large kitchen. Jet Steam-It cooks frozen food ready to eat in minutes, without defrosting.

MARKETTE COOKERS and KETTLES

A complete steam cooking center in one, easy-to-use, space-saving unit. Kettles are low with optional tilting featuring for pouring automatically into serving pan. Many standard combinations are available to answer almost all needs.

MARKET FORGE PRODUCTS are designed with the specific needs of NURSING HOMES in mind

... to conserve floor space ... to provide economical installation ... to save personnel time ... to facilitate maintenance ... to eliminate waste motion and steps and to give better and more efficient specialized services that free nurses and attendants for patient care.

DETAILED SPECIFICATION SHEETS AVAILABLE ON ALL MARKET FORGE EQUIPMENT. SEND FOR COMPLETE CATALOG.

ALLEN Stainless Steel

ICE CHEST

PORTABLE HEAVILY INSULATED SANITARY

Allen Ice Chests provide mobile facilities for the dispensing of cubes or cracked ice in hospitals, hotels, etc. The sanitary P-100 unit (illustrated) features heavy gauge stainless steel exterior with stainless steel liner, and is thoroughly insulated for max-imum efficiency. Handle, spi-got and lid lift are chrome plated. The 18" diameter and 40" height requires minimum storage space. The capacity of approximately 100 lbs. moves easily and quietly on large ball-bearing castors. Price: With Stainless Steel Liner \$125.00. All prices F.O.B. Toledo, Ohio.

We're old folks, too

But we have the youngest equipment for oxygen therapy and resuscitation

equipment for hospitals. Now look to Ohio Chemical for the latest in oxygen therapy and resuscitation equipment (and piped oxygen systems) for nursing homes. We're 55 years young. Some of our products are less than 55 days old. Consider the Ohio Chemical "hope" resuscitator. This newest hand-operated portable emergency resuscitator provides the operator with "more feel" of the patient's lung compliance. If you're interested in masks for oxygen therapy, none is as versatile as our new Deluxe Expendable line. You can depend on Ohio Chemical for old-fashioned service and new-fashioned advantages in all of the lines listed below.

Okio	Chemical	(a Division of Air Reduction Company, Madison, Wisconsin 53701
Please send	me complete information of	on the types of products I've checked at r

City......State......Zip....

☐ ☐ Floor-type portable emergency resuscitators

☐ ② Disposable masks

Hand-operated portable emergency resuscitator
 Central oxygen pipeline system equipment (exemplified by supply manifold, pipeline resuscitator, and "Diamond" service wall outlet — all available from Ohio)

☐

■ Room humidifiers

Really

RUGGED

NEW LIFETIME FIBERGLASS SOMA STACKING CHAIR

The new SOMA series includes chairs for virtually every seating need in the hospital and nursing home. There are stacking/ganging chairs for reception areas, patient and visitor waiting rooms, offices. There are chairs with fixed and fold-away tablet arms for training rooms, lounge and recreation areas, admissions offices. All are really rugged . . . and easy to clean. SOMA seating is molded with compound curves to comfortably cradle the body. Five psychologically-correct colors. Write for catalog.

You know it's the very best your money can buy when it's trademarked

Introducing the sensational CARSTENS

Chart-Caddy

Carsten's Chart Caddy has all of these features

- Absolutely rattle-free new easy locking device floats on ball bearings.
- Light in weight and compact for easy storage.
- · Rear wheel lock for safety.
- Cleaner, neat all anodized aluminum construction.
- Rubber cushioned side boards protect every chart.
- No sharp corners, edges or protrusions anywhere.
- Effortless mobility fingertip pressure provides smooth, quiet motion.

COMPACT, MOBILE, VERSATILE

For the first time ever, all of the features you would ever need have been combined into the mobile Chart Caddy. Light as a breeze, yet rugged enough to withstand hardest wear. Rigid tubular construction of heavy anodized aluminum. Kitten-quiet with ball bearing casters and rubber wheels. 20 chart capacity. Available with or without charts. Write for complete information and prices.

Highly concentrated liquid TRILL is one of the most powerful and effective formulas ever developed for unclogging and maintaining free flowing plumbing lines. Odorless TRILL requires no mixing . . . goes to work instantly to open drains, sinks, toilets, urinals, cesspools, septic tanks and grease traps. Trill contains special corrosion inhibitors which prevent damage to all metal except aluminum . . . yet TRILL acts instantly to dissolve and liquify grease, cloth, paper, sanitary napkins, organic matter, teabags, hair and peels.

Here's Proof! Dramatic 10-second test demonstrates TRILL's fast-action and effectiven

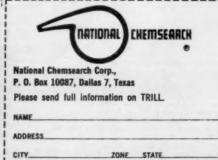

1. A callulose pad is dipped in a 2. The whole pad is dropped in 3.Less than 10 seconds from beaker half full of TRILL.

1. A callulose pad is dipped in a 2. The whole pad is dropped in 3.Less than 10 seconds from beaker half full of TRILL.

CLEANING ONE-PASS AUTOMATED

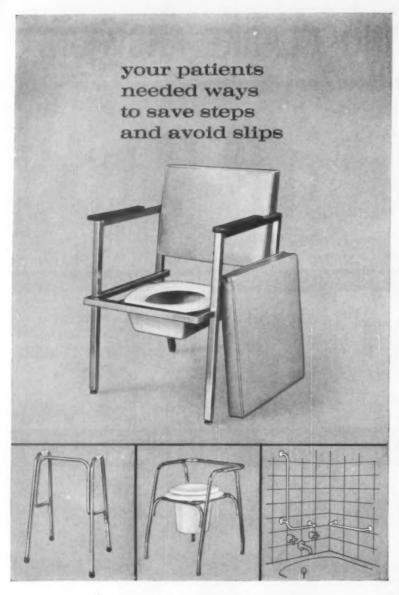

Clarke Automatic Scrubber-Vacs clean floors in one-pass, automatically meter solution, scrub, pick up and squeegee-dry. Leave floors immediately safe for traffic.

FOR FREE DEMONSTRATION of any Clarke machine above — plus latest additions to line — see your local Clarke dealer, or write Clarke Floor Machine Div., Studebaker Corp., 38 E. Clay Ave., Dept. J5, Muskegon, Mich. 49443; in Canada, G. H. Wood & Co., Ltd., Box 34, Toronto, Ont.

Studebaker

so we built some!

If you were a patient, you would appreciate Brewer patient aids daily. You would enjoy the comfort of the armchair commode, engineered for geriatric and postoperative patient ease. You would appreciate the extra freedom of walkers with no lower cross braces. In the bathroom you could depend on the solidity of Brewer assist rails. If you were a patient, you would appreciate that someone used the catalog of patient aids available from E. F. Brewer Company, Butler, Wisconsin, to increase your safety and comfort.

How can you save when you install your own laundry? It's as simple as 1, 2, 3. (1) With your own laundry you don't have to pay someone else's overhead and profit. (2) You get longer linen life because you can carefully process linens just the way you want them. So, their life is increased by as much as 30% to 40%. (3) Because you can process linens faster, you only need a small inventory ... yet you can always have clean linens when you need them.

Other factors to consider are: (1) You

can usually install compact, automatic TROY LAUNDRITE® equipment in your present building. (2) Your present staff can easily operate the equipment without adding more help. (3) You have absolute control over sanitation, special stain problems and laundry quality.

For more facts that can show you how to save if you operate your own laundry, see your TROY LAUNDRITE distributor or write for booklet that tells requirements for nursing home

laundry facilities.

Above: 2 TROY LAUNDRITE® WX 25 SUPER Washer-Extractors, a TROY® 50-pound tumbler and a TROY Flatwork Ironer complete this compact laundry.

For larger 50-pound capacities, specify the WX-50 Washer-Extractor.

When power goes off... Kohler comes on

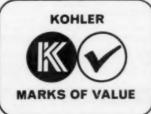

Who can measure the cost of a power failure? When light and heat go out ... when communications stop... when machines and equipment come to a sudden halt. The loss can be staggering.

Good reason to provide instant

standby power—a Kohler electric plant. Kohler plants feature exciter cranking: It means, simply, that power is restored in the shortest possible time. Takeover is unattended, completely automatic.

Kohler supplies electric plants

from 500 to 175,000 watts—every one of them boasting the "Marks of Value" shown below. For full information on electric plants you can count on to measure up to the job, see a Kohler dealer, or write Dept. EP5-4009, Kohler Co., Kohler, Wis.

- Exciter cranking. Quickest, simplest, most positive, trouble-free engine starting.
- Unitized design. Perfect match of engine and generator. Fully assembled and tested at factory.
- Heavy duty construction. Job capabilities beyond their rated power protect Kohler plants from damage.
- Automatic voltage and speed regulation. Maintains steady power level under all loads.
- One source responsibility. The Kohler name, reputation and experience stand behind every plant.
- Experience. Kohler is the oldest manufacturer of a complete line of electric plants.
- Convenient service. Your Kohlertrained Distributor is fully equipped to provide complete service.
- Full year warranty. Comes with every Kohler Electric Plant.

The CHICAGO FAMILY of FLATWORK IRONERS and FOLDERS

Capacity gas heated - 350 lbs. per day.

Capacity gas heated — 600 lbs. per day. Capacity steam heated — 500 lbs. per day.

Capacity gas heated—800 lbs. per day. Capacity steam heated—700 lbs. per day.

Capacity gas heated — 1000 lbs. per day. Capacity steam heated — 800 lbs. per day.

Whether you need an Ironer for a new laundry operation or to replace an obsolete machine, it will pay you to get information and a quotation on a Chicago Ironer. Eight different basic sizes are available to meet 100 to 4,600 pounds daily capacity requirements. Automatic Folder is optional on larger models.

Capacity gas heated — 1125 lbs. per day. Capacity steam heated — 900 lbs. per day.

ABOVE IRONERS AVAILABLE IN 60", 85", 100" OR 110" LENGTHS

Capacity gas heated — 2300 lbs. per day. Capacity steam heated — 2000 lbs. per day.

MODEL 30 IRONER
Capacity gas heated — 3400 lbs.
per day. Capacity steam heated
— 2800 lbs. per day.

Capacity gas heated — 4600 lbs. per day. Capacity steam heated —4000 lbs. per day.

ABOVE IRONERS AVAILABLE IN 100", 110" OR 120" LENGTHS

It will automatically quarter or half fold large pieces such as sheets and table linens including king size and fitted sheets. Small pieces bypassed to rear. Operates with any chest or cylinder type fromer. Reasonably priced.

It will accurately quarter fold, count, neatly stack, and eject bundles of fluff-dried and troned small pieces such as napkins, pillowcases, hand and bath towels up to 25" wide by 50" long. No adjustment is necessary for different lengths or widths. Reasonably priced.

Contact your machinery distributor for full information on these products or write direct to factory.

REDUCE PATIENT CARE - INCREASE PATIENT COMFORT

with revolutionary Pi PEER Supports

FOR URINARY

FOR MEN:

MALE-DRI

Easy, sanitary way to stop the embarrassment (and extra work) of wet garments and bedding. Comes complete with 3 reusable, washable, snap-in pads and instant rinse-anddry pouch. Pads are boilable. Highquality elastic belt. Requires no special fitting. Size is waist measurement. Retails at \$5.95.

FOR WOMEN:

Nothing else like it. Can be worn day and night to give constant protection and confidence. High-quality narrow elastic belt, wet-proof pad holder. Soft, absorbent reusable cotton pad. Easy to put on. Comes complete with three snap-in washable pads. Pads are boilable. Retail \$5.95.

FOR COMPLETE

DRI-PANTS™

SIZES FOR CHILDREN AND ADULTS

Ideal for all ages (infants to geriatrics) who have difficulty controlling bladder or bowel functions. Waterproof outer lining covers an interior of super-soft absorbent flan-

nel. Inside area double-padded with extrathick, quilted cotton batting. Three-snap waist adjustment assures perfect fit even if patient gains or loses weight. Tie strings can be secured for snug body fit. Completely washable; may be autoclaved. Size is waist measurement. Children's sizes 18-24, \$3.95 retail; Adult sizes 26-38, \$4.95 each retail; 40-44, \$5.95 each retail. Other sizes available, \$1.00 extra retail.

OTHER PI PEER SUPPORTS for GENTLE, CORRECTIVE COMFORT

RUPTURE-EASER® is a patented, strong, form fitting, washable support for reducible inguinal hernia. Snaps up in front, has adjustable back lacing and leg straps, and a soft, flat groin pad. No steel or leather bands, invisible even under light clothing. Size is measured around lowest part of abdomen. In right or left side models @ \$4.95 retail, double @ \$6.95.

PI PEER GOLDEN CROWN® TRUSS gives unexcelled comfort and protection for reducible inguinal hernia. Revolutionary 3-ply supersoft material. Based on patented, proven design. Size is measurement around lowest part of abdomen. In right or left side models @ \$9.95 retail, double @ \$11.95.

GOLDEN CROWN® SACRO SUPPORT Same revolutionary material as Lumbo Sacro. Encircling pull strap and unique reverse pulley action adjustment for easy, exact control of pressure from rubber back pad. Patented design.

GOLDEN CROWN® LUMBO-SACRO

Revolutionary, 3-ply Pi Peer material (bonded foam rubber, tricot and nylon). Independent adjusting, 3-strap compression control. 14-inch back. Removable stays. Perforated for coolness.

PI PEER® BACK-EASER—Is a patented sacroiliac support for men and women. Large foam rubber pad holds and massages

back. Encircling pullstraps allow easy adjustment and instant relief. Washable, strong and form-fitting, the BACK-EASER is invisible even under light clothing. Size is hip size. Retails 5.95.

MAN'S MODEL-Contour Shaped

WOMAN'S MODEL-Fits Under Bust

PI PEER® COMFO-FLEXTM RIB AND CHEST SUPPORT—Combines the flexibility of elastic with the the fiexibility of elastic with the comfort-compression qualities of a specially selected non-stretch material that supports without binding. Velcro "touch and hold" front fastening adjusts to exact compression. Man's model: Dacron and cotton mesh front panel. Woman's model: cotton front with feminine-styled lace embroidered overlay. Both models have 6" wide surgical elastic back.

Increase staff efficiency with Webster Nurses' Call System

Match your special needs with standard units - as you go

Here's an intercommunications system that saves nurses thousands of steps, yet gives patients a greater feeling of security. And, it will pay for itself in the time and steps it saves.

Webster Nurses' Call provides fast, two-way conversations between the patient and the nurses' station. It's a simple, foolproof system. Both nurses and patients learn to use it in just a few minutes. Permits the patient to talk hands-free-and it's combined with visible signals which tell the patient he has made the call correctly. Visible and audible signals at the nurses' station tell which patient has called. Emergency switches, corridor indicator lights, bed cords and outside door alarms are only a portion of the standard units available. Capacity is unlimited-start with a system that solves today's problems-add "applique" growth panels later to expand as you grow.

Your system will be installed and maintained by trained experts. Your local Webster Electric Distributor will be glad to analyze your needs without cost or obligation. Or write direct to Webster . . . manufacturers of fine communications equipment for more than 30 years.

THINK TWICE before you buy mattresses

then specify

VM96 Type 2 Innersprings by Holland Maid

This is the different design innerspring that has proven its extra merit in several million hospital-type mattresses. The VM96 Type 2 design unit by Holland-Maid offers definite advantages to your Nursing Home.

It conforms readily to the angled surface of the gatch bed as the coils are hinged to each other—flex with a free, noiseless action.

Because there is no strain or tension in the innerspring, mattresses built with Type 2 Holland-Maid keep their full support, comfort, and dimensions longer. They make the most economical bedding for your patients.

There's a bedding manufacturer near you who specializes in nursing home mattresses with Type 2 design Holland-Maid innersprings.

WRITE FOR FREE CONTRACT MATTRESS BUYING GUIDE.

HOLLAND WIRE PRODUCTS, INC.

Holland, Michigan 49423 Phone 616-394-4805

LIVE WIRE SUPPORT -

From 50% more active turns of wire in every coil of the Holland-Maid innerspring.

SUPPLE SURFACE -

Coils are joined by free-acting, noiseless hinges that flex smoothly.

SPECIAL FIRM EDGE -

Firmer Edge Coils provide extra perimeter support — never sag.

AUTOMATIC ADJUSTMENT -

Special hourglass shape gives coils self-regulating tension as body weight requires.

"Mom's a nurse.
She works in a hospital with lots of patients.
All of them use her 'bent friend'.
Right now <u>I'm</u>
just having fun!"

Of course FLEX-STRAW* flexible drinking tube is the nurses 'bent friend'. It is sanitary, disposable and spells comfort to their patients. FLEX-STRAW's bending action lets them drink from any position...even lying down...larger diameter allows free flow of the thickest liquids. FLEX-STRAW is sturdy...reinforced from tip to tip with micro-crystalline coating for hot drinks too!

Order the original amber FLEX-STRAW from your distributor. Provide the best in drinking tube service for *your* patients.

Now, from the most complete line of precision aspirating equipment, you can select the unit or units that meet your requirements... exactly.

Lightweight portables? The No. 789, for instance, weighs but 16 pounds... is easily carried to its point of use...requires less than 1 sq. ft. of space... yet creates up to 20" of vacuum. The No. 792 Portable, with 25" of vacuum, is designed for heavier suction needs.

Stand - mounted units? Four models which are quickly wheeled to any department... or bedside... also occupy less than 1 sq. ft. of floor or storage space, and, like the Gomco Portables, each has an unmatched record for dependable, easy - to - regulate suction for mucus removal, and general bedside use.

Your nearby Gomco Hospital Supply Dealer will gladly arrange a demonstration. Call him. He's in the Yellow Pages. Or, write Gomco direct.

No. 792 0 - 25" vacuum

No. 711 Portable suction and pressure unit

HEALTH-O-METER CHAIR SCALE

or Continental

Specifically designed and manufactured to weigh critically ill, aged or bedridden patients with a minimum amount of handling and maximum comfort to the patient. The attractive, roomy chair is of rugged steel construction, amply cushioned and upholstered with durable, easily cleaned, Naugahyde fabric and is securely fastened to a specially constructed Continenal Model 440 Physician's Office Scale. The novel, rubber caster assembly permits silent and effortless moving from room to room yet in use rests firmly and safely on the scale base. Chair legs are just a fraction of an inch off the floor, affording an added sense of security to

the patient. Convenient foot rest folds back when

specifications:

not in use.

CAPACITY-350 lbs. by 1/4 lbs.

SIZE-Chair measures 17 x 19 inches. Overall size of chair and scale — 24 x 24 inches. Height of scale 59 inches.

WEIGHT-Net weight with chair 72 lbs. Shipping weight *85 lbs.

FINISH — Standard Continental pearl finish only. No special finishes available.

*Scale and chair are packed separately.

See your hospital supply dealer, or write:

SAVORY TOASTERS SPEED TOAST SERVICE, END FOOD SERVICE DELAYS

Assure your hospital the fastest, most efficient, lowest cost toast service with Savory's line of bread and bunconveyor toasters. There's a model to fit

every requirement. Available in Gas and Electric models. Ask your Kitchen Equipment Dealer, or write Savory for a complete catalog.

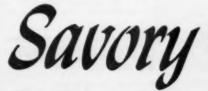

SAVORY THERMALDISK PELLET SYSTEM ELIMINATES COLD FOOD COMPLAINTS!

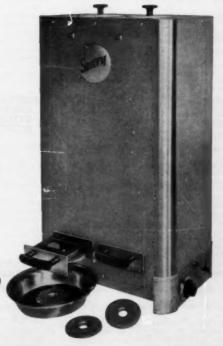

Delivered piping hat to plate holders by Savory's Thermaldisk Heater, aluminum pellets now provide the most convenient and most economical hospital hot food service.

Hospital tests prove the pellet system dramatically reduces serving time—cuts many steps in serving procedure. Pellet heat assures fresher, hotter, more appetizing meals that patients appreciate. Food does not cook on the plate.

Made of cast aluminum, the pellets are indestructible, require no maintenance, heat to 450°F. In minutes in the Thermaldisk Heater. A puliout device drops each pellet into its plate holder. Thermaldisk Heater involves low initial investment. Pellet system assures important equipment, operational and personal economies. Check Savory for more details.

Orthopedic Traction involves a large team in your nursing home—

ZIMCODE helps this team.

ZIMCODE is the most comprehensive in-service traction program ever attempted by anyone. We knew that a good company, with such a helpful program, would be favorably received and well considered. We were right; our men are working night and day! Some of us are down right exhausted. Nursing home enthusiasm has been unbelievably high.

Remember you don't have to buy or use ZIMCODE traction components in order to receive this great in-service training program, but we have a sneaky feeling you'll prefer our components (if you're not already using them).

Why don't you contact the Zimmer distributor for your nursing home? Or, get the complete details from department M19. ZIMMER • WARSAW, INDIANA

CLYSEROL LABORATORIES, INC. 1533 WEST RENO . OKLAHOMA CITY, OKLA. 73101

to PROVE TO YOU there's nothing like RE-ODIT to control HOSPITAL and NURSING HOME ODORS

RE-ODIT has been proved under the most trying of hospital con-ditions. It does not perfume the air . . . it neutralizes odors, leaving a most pleasant, clean, wholesome odor that is truly a pleasure.

RE-ODIT, the nurses' friend, is a boon to patients, personnel and visitors . . does away with the nauseating effects of strong odors and provides instead a fresh, clean-smelling atmosphere. Its astonishing effectiveness can be proved by **USE ONLY**. That is why we ask you to try it
WITH OUR COMPLIMENTS. We
want to prove to YOU too, that
RE-ODIT is a MUST in every
hospital and nursing home.

ONE BOTTLE controls room odors from four to

ONE DROP controls bedpen odors for four or five hours after use,

Expanded editorial service for nursing homes

NURSING HOME ADMINISTRATOR has been providing an important editorial service for nursing home administrators for 18 years. To satisfy your growing need for information, the editors of Nursing Home Administrator have introduced, over the past two years, many changes to improve its value to you.

Here are the features you'll find in every issue of Nursing Home Administrator:

- Better Business Practice
- Nursing Home Law
- Washington News Report
- Nursing Home of the Month
- Food Service

- Housekeeping
- Nursing Home Opinion Poll
- Nursing Home Forum
- · Menus of the Month
- Nursing Home News
- New Product News

. . . plus regular articles on subjects of interest, such as Medicare, safety practices, inservice education, nursing service, management methods and finances, rehabilitation, purchasing, insurance, personnel, planning and building, convention reports, public and community relations, nursing home-patient-physician relationships, and others.

Nursing Home Administrator covers this broad range of subjects in order to provide for you the most vital and constructive information service possible. In addition, every issue includes many advertisements informing you about the products and service of firms which are anxious to do business with you.

Be sure to read every issue.

NURSING HOME ADMINISTRATOR 1050 Merchandise Mart, Chicago, III. 60654

BARDEX VALVE FOLEY CATHETER TRAY REMEMBER IT... USE IT... YOU'LL BE GLAD YOU DID

SIMPLE: Everything needed in a single sterile unit with contents conveniently arranged in step-by-step order to facilitate the nurse's task.

SAFE: A sterile, preconnected closed drainage system that provides unbroken one-line construction from bladder to collection device. This closed system, together with rigid aseptic technique(1,2), can approach 100% in the reduction of infection.
